AWS Cloud Practitioner Fast Track

A TD SYNNEX AWS Partner Readiness Certification Program for Cloud Practitioners

Welcome,
we're glad you're here.

Whether you want to communicate more effectively with stakeholders and customers, or go on to prepare for advanced role-based AWS Certifications, earning an AWS Certified Cloud Practitioner validates your understanding of cloud concepts, core AWS Services, and other foundational AWS knowledge.

Set a goal to prepare for your AWS Certification in as little as four weeks. Joining AWS Cloud Practitioner Fast Track – Cloud Practitioner gives you access to AWS Partner-exclusive study sessions led by AWS Trainers who will help you:

- Leverage supplemental content to understand key exam topics
- Learn exam strategy and best practices that set you up for success
- Apply knowledge and test concepts through a series of practice exam questions

Who should participate?

The AWS Certified Cloud Practitioner does not require prior IT or cloud experience and is a great starting point for anyone who wants to achieve foundational AWS Cloud knowledge. The AWS Certification exam prep program is open to all AWS Partners.

What do I need to get started?

To prepare for the AWS Partner Certification Readiness – Cloud Practitioner kick-off session, please set up your Amazon Partner Network (APN) account using your business email.

Watch this tutorial to learn how

Note: An APN account is required to access content shared during the exam prep series.

What actions are required of me?

1. Create APN, enroll into account exam prep series
2. Attend kick-off session
3. Complete AWS Cloud Practitioner Essentials
4. Attend study sessions
5. Review exam prep resources
6. Schedule certification exam
7. Attempt certification exam

What should I expect each week?

	Description	Duration

FAQs

Q1 Will study sessions be recorded?

Yes, all study sessions will be available on-demand on the AWS Partner Certification Readiness – Cloud Practitioner website no more than five business days after the session ends.

Q2 Will I receive a digital badge upon passing the AWS Certified Cloud Practitioner exam?

Yes. Please allow five-to-seven business days for your digital badge to be delivered to your Credly account. AWS Training and Certification uses Credly to deliver digital badges.

Q3 What should I do if I receive a 403 Access Error when accessing courses in AWS Skill Builder?

Make sure that you choose to log into Skill Builder as AWS Partner and enter your APN Partner Central account information.

Q4 How do I register for the AWS Certified Cloud Practitioner exam?

To register for an exam, sign in to aws.training and click Certification in the top navigation. Next, click the AWS Certification Account button, followed by Register for an Exam. Find the exam you wish to take and click the Schedule with Pearson VUE button. You will then be redirected to the test delivery provider's scheduling page, where you will complete your exam registration.

Q5 How much does the AWS Certified Cloud Practitioner exam cost?

The AWS Certified Cloud Practitioner exam fee is 100 USD.

Q6 How do I share my AWS Certification achievement with my employer?

Read this blog to learn how to provide consent to your employer.

Q7 My AWS Certification account name doesn't match my legal ID. How can I update my profile?

To change your name on your AWS Certification Account, please submit a ticket to the AWS Training and Certification Support team. Select Account Assistance as the inquiry type and Name Change as the additional details and include the requested information in the description. If needed, our Support team will request documentation to process the edit. Once all necessary information is submitted, please allow up to two days for the change to be processed.

Q8 Who should I contact if I experience technical issues?

Having issues with Skill Builder?
Review the AWS Skill Builder support website or contact support with specific details about the challenge you're encountering.

Experiencing issues with APN Partner Central?
Contact the APN Support team directly.

What if I have additional questions about AWS Certification?
Contact your account manager.
